SCIENTIFIC WRITER & EDITOR

- Owner/Principal Scientific Writer at Singleton Science, LLC (www.singletonsience.com)
- PhD-trained biologist with extensive experience in the creation of accurate, science-rich content
- Editor/proofreader with sharp attention to detail
- Specializations: Antibiotic Resistance, Anti-infectives, Antimicrobial Stewardship, Cancer Immunotherapy, Infectious Diseases, Innate and Adaptive Immunity

PROFESSIONAL DEVELOPMENT

Advanced Workshops

- Reporting Risks, Rates, and Ratios, *American Medical Writers Association, 2016*
- Understanding Sample Size and Study Power, *American Medical Writers Association, 2015*

Certificates

- Evidence-Based Medicine, *American Medical Writers Association, 2018*
- Statistics in Medicine, *Stanford University, 2014*
- Writing in the Sciences, *Stanford University, 2013*
- Essential Skills, *American Medical Writers Association, 2013*

EDUCATION

PhD, *Boston University, Graduate School of Medical Sciences, Boston, MA, 2006*

Specializations: Microbiology, Immunology

Research Interests: Dendritic Cell Biology, Host-Pathogen Interactions, Infectious Diseases, Vaccine Adjuvants

BS, *Cornell University, College of Human Ecology, Ithaca, NY, 1997*

Specialization: Nutritional Science

PROFESSIONAL EXPERIENCE

Owner and Principal Scientific Writer, 2013 - present

Singleton Science, LLC, Beverly, MA

- Write and edit the following documents:
 - Research manuscripts for submission to peer-reviewed journals,
 - Scientific congress abstracts and posters,
 - Plain language clinical summaries,
 - Advisory board meeting executive summaries,
 - White papers,
 - Training modules.

Scientific Writer and Editor, 2011 - 2013

Cell Signaling Technology, Marketing Communications, Danvers, MA

- Carried out substantive editing of in-house research manuscripts, which were published in Nature Biotechnology.
- Maintained consistency of editorial style across marketing collateral.
- Developed educational materials for global sales force including monthly product summary reports and new hire training presentations and webinars.
- Created and reviewed scientific product literature including datasheets, brochures, inserts, and flyers.
- Wrote content for customer-facing promotional eBlasts and web site landing pages.

Ruth L. Kirschstein Postdoctoral Research Fellow, 2006 - 2010

Children's Hospital, Division of Gastroenterology, Boston, MA

Research Interests: Allergy, Fc Receptor Biology, Mucosal Immunology

- Wrote manuscript, which was published in Molecular Immunology.
- Edited manuscripts for grammar and scientific clarity.
- Secured research funding through grantsmanship.
- Proofread and edited four NIH grant applications.
- Gave oral and poster presentations on research findings.

VOLUNTEER EXPERIENCE

At-Large Director, 2016 - present

American Medical Writers Association

- Serve as full voting member of the Board of Directors.
- Served as chair and board liaison of the Member Recognition Committee, 2017 - 2018.

President, 2014 - 2015

American Medical Writers Association, New England Chapter

- Led the President-Elect to successful management of chapter programs.
- Served as chair of the Executive Council.
- Served as liaison between the chapter and national organization.
- Communicated with chapter members through monthly eNews.

President-Elect/Program Director, 2013 - 2014

American Medical Writers Association, New England Chapter

- Managed chapter programs: recruited event speakers, negotiated venue bookings, wrote meeting announcements.
- Served as chair of the Nominating Committee.
- Served as chapter delegate at national Board of Directors meetings.

Peer Reviewer, AMWA Journal, 2011 - 2014

American Medical Writers Association

- Periodically reviewed manuscripts for the Science Series.

RESEARCH AWARDS

Ruth L. Kirschstein National Research Service Award, 2008 - 2010

Title: FcεRI as a receptor for antigen surveillance at mucosal surfaces

Harvard Medical School Fellowship in Pediatric Gastroenterology and Nutrition, 2006 - 2007, Title: Training in pediatric gastroenterology and nutrition

Research Supplement for Underrepresented Minorities, 2003 - 2006

Title: Neisserial porins and antigen presenting cells

PUBLICATIONS

As writer and substantive editor

McCalla S, Reilly M, Thomas R, McSpedon-Rai D, McMahon LA, Palumbo M. 2018. *An automated hand hygiene compliance system is associated with decreased rates of health care-associated infections*. American Journal of Infection Control Article In Press.

Daveson AJM, Ee HC, Andrews JM, King T, Goldstein KE, Dzuris JL, et al. 2017. *Epitope-specific immunotherapy targeting CD4-positive T cells in celiac disease: safety, pharmacokinetics, and effects on intestinal histology and plasma cytokines with escalating dose regimens of Nexvax2 in a randomized, double-blind, placebo-controlled phase 1 study*. EBioMedicine 26:78-90.
